ABOUT US

Five loaves and two fish was all it took to feed thousands. By faith, the meal of an individual was transformed into a feast for many and a legacy that lives on throughout time.

Drawing our inspiration from this account, we are on a mission to empower everyday people to experience the miraculous through the mundane by equipping them with a resource that enables them to spend less, save more, and ultimately multiply what they have.

Five & Two is a community that provides its members with access to discounts and incentives at over 100 leading retailers across the UK*. This includes supermarkets, department stores, dining, days out, and holidays.

Based on an average spend of £15 600 per annum, our members can save £1092 without having to cut back on the things that they love.
